LogiLink®

Indoor 24-Hour Mechanical Timer

Art. No.: **ET0001**

The mechanical timer automatically switches home appliances on and off according to your schedule every day. Just set your schedules and go, and you'll never worry if you left the lights on ever again.

Simple & Automated

Turn the dial with the arrow pointing to the current time, then set the timer by simply pressing every 15-minute pin down; program repeats every 24 hours.

Easily Turn On The Timer

Slide the timer button on the side to the clock setting to enable the timer function. Once set, the power of the connected device will switch on and off daily.

Multi-Programmable Timer

Set multiple timers over a 24-hour period.

Versatile

The timer is for indoor use; ideal for Christmas lighting, lights, aquariums, routers, coffee machines, etc.

Energy-Saving

The timer will help you improve power efficiency and save on your electricity bill.
